SEPT ISSUE #1

LET'S TALK ABOUT INTERIOR DESIGN

Welcome to Hobbs Home Interiors

We believe great interiors start from the build up – blending architecture, craftsmanship and thoughtful design to create spaces that truly work for you. Each month we'll share inspiration, project highlights, and practical tips to help you love your home even more.

DESIGN TIP OF THE MONTH: LAYERING TEXTURES

Looking to bring warmth and depth into your home? Pair smooth finishes like glass and metal with natural ones such as timber, linen and stone. This creates a timeless, inviting feel that looks effortlessly put together.

FEATURED SERVICE: DESIGN LITE

Want expert design guidance without the full-service package? Our Design Lite consultation gives you:

- ✓ Tailored colour schemes
- ✓ Layout ideas & styling suggestions
- ✓ Great starting point

Delivered as a presentation for you to action at your own pace.

**LIFESTYLE CORNER: GETTING COSY
FOR AUTUMN**

As the nights draw in, it's the perfect time to start layering your home for comfort. Think about swapping lighter summer bedding for thicker, heavier materials that add warmth and weight. Add throws at the foot of the bed or sofa, and switch out cushion covers for richer textures like velvet, wool or boucle. These small changes make your home feel instantly cosier and ready for the season ahead.

PROJECTS SPOTLIGHTS

**A LUXURY COASTAL
RENOVATION**

This month, we're unveiling one of our favourite transformations – a historic coastal property in Oreston, once an old pub by the sea. We reclaimed timbers from the original building to create a bespoke kitchen island, pairing industrial character with modern elegance.
